Here is one to watch!!! DH Gun Powder N Lace is out of old school breeding at its finest. On the bottom side, her Dam was over 80 inches when that was unheard of. Her sire, Fifty-Fifty, is one of the top bulls in the industry!!! These Fifty-Fifty daughters are only going to become more sought after in the future. Riverforks Rais'N Cane heifer at side. Being exposed to MN Fifty Shades of Grulla for a fall calf. Look for big production here folks!
